Be Clean!"

Green Clean

The Domestic and Commercial Wheelie Bin Cleaners

**ARE YOU TIRED OF SMELLY,
DIRTY WHEELIE BINS?
WE ARE!**

**DO YOU WORRY ABOUT THE GERMS AND
BACTERIA FROM OUR WASTE CONTAINERS?
WE DO!**

- Green Clean is a new and unique business specifically designed to provide an environmentally friendly solution to cleaning wheelie bins, both domestic and commercial and guarantees to clean and deodorise them, leaving them smelling like roses.
- We are leading the challenge to provide a solution to the ever-growing number of smelly and unhygienic wheelie bins. Green Clean's innovative bin cleaning system will be able to give your wheelie bin a complete makeover in as little as three minutes.
- Using high pressure lances we will clean your bin inside and out, using our specially formulated 100% natural biodegradable products, our special vehicle will then drain the contents, rinse the bin, recycling and filtering all the water used, not depositing it illegally on the roadside

- At the end of the day we will legally dispose of the wastewater at a licensed drop off point approved by Sydney Water.

WHY HAVE YOUR BIN CLEANED?

- Stops the attraction of rodents, ants, flies and maggots to the area
- Reduces hygiene hazards, protecting your home, health and family
- Stops bins being and looking dirty
- Stops bins smelling, replaces with a pleasant fragrance
- Reduces the eyesore problem our dirty bins have created

Green Clean's environmental bin cleaning system proudly uses 100% Natural Products that are Anti-Bacterial, Anti Fungal and Anti Viral ensuring 99% of all common micro organisms are killed.

Green Clean can effectively clean and maintain most types of waste containers:

- Domestic 120ltr bins
- Commercial bins 240ltr to 1100ltr
- Recycling bins/boxes
- Public Litter Bins of all sizes

HOW WE WILL CLEAN YOUR BIN

- Our specially trained operatives will arrive at your premises, after your bins have been emptied.
- Using high-pressure lances, we will clean your bin inside and out using 100% natural products, our special vehicle will then drain the contents and rinse the bin, recycling and filtering all the water used and not depositing any illegally on the roadside.
- The bin will be dried and deodorized.
- We carry our own water supply, which is screened, filtered, and recycled and then legally deposited at the end of the day. All products are 100% natural and biodegradable.
- No contaminated liquids will be illegally deposited into our storm water drain system.
- We leave NO mess or water in your bin area
